Death of Mrs. Meader.

Mrs. S. V. Meader died last Wednesday after several months of suffering which she bore with much patience. She will be sadly missed in the community, church and Sunday school, and the Ladies' Mite society, of which she has been one of the most efficient members for many years. And especially will she be missed in the home, where she was such a helpful wife and mother. During her last sickness she has been tenderly cared for by her daughter, Mrs. Julia Milligan, and Mrs. Lou Stewart of Hardwick was also able to be with her mother much of the time. She leaves a husband, two sons and three daughters. Three other children have died. Funeral services were held at the church, Rev. F. E. Currier of Cabot officiating. The bearers were Fred Gile, Bert McGinnis, Vic Stewart and F. B. Milligan. The casket was covered with beautiful floral offerings from the family and friends and Ladies' Mite society. Interment was in the North Walden cemetery. Those from out of town to attend the funeral were Mr. and Mrs. Whitehill and Francis Hattie of Barnet, Mr. and Mrs. Stevenson and Mrs. Guthrie of Peacham, Mrs. George Gile and Mrs. Nancy Hunt of West Danville, Dr. and Mrs. McSweeney

Good Strings Opening Day.

The opening of the base ball season and the opening of the trout fishing season are two dates not liable to be forgotten by the average wide awake American citizen. The season of 1909, which opened Saturday morning at 12.01 o'clock, was no exception and the exact minute found nearly every pond and brook in this vicinity with its full quota of Isak Walton's. A good share of the anglers returned with the goods, while others returned with the sad story of what might have been if someone hadn't thrown rocks into the brook, or the water hadn't been so high, but all are agreed that the indications point to a good season.

Dr. H. C. Newell and T. M. Howard, pioneer fishermen, as usual opened the season at Lawrence Pond and brought back some very excellent samples of speckled beauties, only stopping when the law as regards the maximum catch told them they should. Charles Carr and F. O. French also dropped lines into the same pond and as a result brought home 29 each, twelve pounds in all. Others who were reported as seen or heard of on the pond were A. G. Cummings and Horace Tibbets with a string of over 40; P. E. May and Milo Hansen with a good string of trout and a few eel; Charles Howe, Ralph Laird, Clarence Forest and Robert McGilvray. Prentice Carlton and M. E. Merrill brook excellent luck on the Goss Hollow brook and brought home about 40, and the same stream yielded up 20 of its best to Henry W. Ellis.

Dr. W. B. Fitch has gladdened the hearts of many of his patients by passing around samples of his handsome string of 65, caught in the early morning while the birds were singing and before his absence was noted. Horace Carr, T. F. Burroughs and Leon Batchelder spent the day on May pond and carried away all the law would allow. J. French and son, Eddie, camped with a party from Montpelier on the shores of Kettle Pond in the wilds of Lanesboro, and while there kept their larder well supplied with trout and found time to despatch a hedge hog.

C. E. Simanton returned from Ryegate with a well filled basket and A. F. Stone passed the day on the private pond of the Lake Mansfield Trout Club, returning with 3 1/2 pounds of the funny ones.

The biggest catch thus far reported, however, was made by D. D. Bean of this place and John McEllan of Barton. A day's sport on Stone pond brought them about 40 pounds of the most delicious lake trout. Reports from Willoughby, Caspian Lake, Crystal Lake and Long Pond are all encouraging and presage a good season for the devotees of the rod.

Beautiful Spanish Dancer Gives Praise to Pe-ru-na.

NERVOUS prostration is usually the result of a vocation which requires a continual strain on the nervous system. In such cases it would be wise if a change of vocation could be made. But this is not always possible and a good tonic becomes a necessity. Peruna is a tonic that invigorates without producing a drug habit.

Peruna is not a beverage nor a bitter, but an honest, straightforward tonic that increases the appetite and encourages digestion. There is a great demand for tonics during the depressing heat of summer, and especially in countries where hot weather is very prevalent. Such a demand is exactly met by Peruna.

Miss Pilar Monterde Praises Peruna as a Tonic.

A letter sent to the Peruna Drug Mfg. Co., from the popular Spanish dancer, Miss Pilar Monterde, is as follows:

Teatro Principal, City of Mexico, Nov. 3, 1905. The Peruna Drug Mfg. Co., Columbus, Ohio, U. S. A. Gentlemen: Having used your justly celebrated remedy, "La Peruna," for some time, I have the pleasure of informing you that I consider it the best tonic I have ever used. It is a wonderful fortifier of the nerves after exhaustion and it increases the vitality of the whole body, and in my own case has produced the most complete and permanent restoration. It is also pleasant to the taste. I do not hesitate, therefore, to recommend this remedy to all women as the best and most pleasant tonic that they can possibly take. Yours very truly, (Miss) P. Monterde.
